<b>ACTIVE INGREDIENT:</b>	
Cedarwood Oil.....	2.00%
<b>INERT INGREDIENTS:</b>	
Paper .....	98.00%
<b>TOTAL:</b> .....	100.00%

KEEP OUT OF REACH OF CHILDREN

### CAUTION

See Back Panel for Additional Precautionary Statements

NET WEIGHT 10 LBS. (4.54 KG)

**Covers Up To  
2,000 Sq. Ft.**

## MosquitoGo® Insect Granules

# MosquitoGo® Insect Granules

## PRODUCT INFORMATION

ferti•lome® MosquitoGo® can be used around shrubbery, flowerbeds, vegetable gardens, and lawns. The scent of ferti•lome® MosquitoGo® will repel ants, fleas, roaches, beetles, crickets, chiggers, chinch bugs, flies and gnats. Where treated, this product will repel insect pests resulting in a migration of unwanted pests.

It is impossible to eliminate an insect population. The secret of insect control is not to kill, but to repel. ferti•lome® MosquitoGo® has no detrimental effect on beneficial insects, including bees, butterflies, and ladybugs.

## DIRECTIONS FOR USE

Hand broadcast or use a spreader to apply. Spread outward from building or protected areas. Granules create an irritant scent barrier keeping insect pests away. Apply at a rate of 1 lb. per 200 square feet (5 lbs. per 1,000 square feet). Apply as needed to maintain insect pest control. Apply when lawn and areas surrounding the home are dry. Mow lawn before application.

Repeat applications more often during periods of rain or frequent irrigation.

## APPLICATION EQUIPMENT AND INSTRUCTIONS

This product can be applied with a hand held, drop, or broadcast (rotary) spreader. For best results, apply this product evenly and uniformly over the treated area avoiding streaking, skips or overlaps.

Before each application, determine the correct amount (lbs.) of product to place in the spreader hopper for the area to be treated. For example, if the label states to apply 5 lbs. per 1,000 sq. ft. and your area to treat is 2,000 sq. ft. then place 10 lbs. of product in the hopper and set the spreader setting at 4-1/2 (per table below) if using an Accugreen drop spreader.

If using the Ferti-lome Yard Right Hand Held Spreader, place 1 lb. of product in the spreader hopper for each 200 sq. ft. area to be treated. Adjust setting selector to number 2. Apply product evenly over area, walking at an even pace while turning hand crank steadily.

A more uniform application can be made by spreading one-half of the recommended amounts of this product over the treated area and then applying the remaining one-half of this product at a right angle to the previous application direction.

NOTE: The spreader settings listed below are approximate. The speed at which you walk and the working condition of the spreader will affect the rate of application.

SUGGESTED SPREADER SETTINGS	
Spreader Make & Model	5 lbs. per 1,000 Sq. Ft.
Scotts®/Republic Accugreen (Drop)	4½
Scotts®/Republic Speedy Green (Broadcast)	5
ferti•lome®/Earthway Ev-N-Spred (Broadcast)	16

## PRECAUTIONARY STATEMENTS

CAUTION: Avoid getting in eyes. Avoid breathing dust. This product is made from plant oils; some individuals may be sensitive to the fragrance.

FIRST AID	
If In Eyes:	Wash with water. Consult your physician if irritation persists.
If Inhaled:	Seek fresh air.
If Swallowed:	Rinse mouth out with water. Do not induce vomiting. Obtain medical attention.
NOTE: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

## STORAGE AND DISPOSAL

**Storage:** As with any household chemical product, keep out of reach of children and animals.

**Disposal:** Do not reuse container. Securely wrap empty bag in newspaper and discard in trash.

## LIMITATION OF LIABILITY

Voluntary Purchasing Groups, Inc. warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed thereon. This product has not been registered by the United States Environmental Protection Agency. Voluntary Purchasing Groups, Inc., represents that it is exempt from registration under the Federal Insecticide, Fungicide and Rodenticide Act [FIFRA 25(b)] as a minimum risk pesticide. All ingredients contained in this formulation are contained in 40 CFR 152.25, as well as list 4A of the Federal Registrar.
